

THE 2018 DINING & DELIVERY GUIDE

Welcome to the 2018 dining guide that comes out in January 2018. As you know, it is the one and only restaurant guide in Kuwait, used by people all year long. This year promises to be our best guide ever with loads of new restaurants, cafes, reviews and interviews with chefs, people in the food business, and more. We print and distribute 30,000 copies of the guide all over Kuwait with *bazaar* magazine, and through embassies, banks, private universities, and all the restaurants and cafes that advertise in the guide.

- Each printed guide is read by an estimated 2 to 3 people, meaning over 70,000 people see your ad or article in the printed guide.
- Last year's guide was downloaded by over 40,000 people onto their ipads, iphones and other tablets and laptops.
- This year's guide will be featured prominently on the *bazaar.town* website where we get over 165,000 monthly visitors, so expect more coverage than ever.
